Counsel:

As you are aware, we are keeping a running list of information/document requests the City has made to EPA and vice-versa. The last spreadsheet of requests was updated and circulated on July 8. I have re-attached it for your reference.

Attached to this email are documents/information responding to the following numbered items on the Tab entitled "E. Chicago NYR"

1. This was provided on July 8, 2016. Copies of all of the final letters are being sent to Bryan and Carla today.
10. The full report is in a binder that is over 6 inches thick. It contains many oversized figures. What we have attached is the body document and the Tables. If you wish to see the figures, they are available in EPA's record center.
- 11 – 14.

\*\*\*\*

As to your Request No. 5, most of the information you seek applies to private property that is not appropriate for distribution to the City. If the City wishes to provide us with a list of Zone 3 properties owned by the City, we will provide you with the requested information.

We are continuing to retrieve other requested information.

Thanks.

Annette
